

Festive Operating Planning 2017/2018

Edge Transport will be completing Palletline collections and deliveries throughout the festive period so you can meet the exacting requirements of your customers.

We'll be contacting our regular full and part load customers to agree requirements over the festive period so if you might have any larger consignments for collection or delivery then please let us know by Monday 18th December and we can add you to the schedule.

Please bear in mind that all dates apply to standard UK mainland destinations, so please contact us to confirm variations for deliveries or collections that are usually subject to extended lead times.

And, it's always worth checking that your delivery or collection point aren't working reduced hours during the festive period as the majority of delivery failures are because locations shut earlier than usual!

Please contact us if you'd like an up to date list of postcodes that are subject to extended lead times and would fall outside of the above schedule.

Scotland and Eire enjoy an additional public holiday on Tuesday 2nd January 2017. Please ensure that your collection or delivery point is open before manifesting consignments for the 2nd January 2017 to avoid wasted collection or redelivery charges.

And finally, we hope all our customers have a very Merry Christmas and look forward to working with you in 2018!
